Time-bound: Establish time parameters around each goal, as it will help increase focus and accountability. To reduce weight we know how to go about it. But without consistent time-bound action, it never becomes a reality. It may be exercise, diet and stress-free thoughts. All these have to be practised and implemented without hesitation, doubt or indifference, but within a deadline.

Visions, wishes, intentions and dreams are all valuable. They spark off imagination and encourage us to define where we want to reach. In order to get there, however, we need to bring life images, down to earth and plan to execute our strategies. The quality and quantity of energy we put forth, directly impact the results. Life is something like a trumpet. If we don’t put anything in, we can’t get anything out.

Success is a walk in the dark. Finding the right footing, precisely mastering the skills and getting to the next place, all depend on how we approach and tackle the problem. The best way to get from where we are, to where we want to be is to find the footing of our next step. When we take the next step, it should support and hold us without a crack.

If you can keep your head when all about you
 Are losing theirs and blaming it on you;
 If you can trust yourself when all men doubt you,
 But make allowance for their doubting too;
 If you can wait and not be tired by waiting,
 Or, being lied about, don't deal in lies,
 Or being hated, don't give way to hating,
 And yet don't look too good, nor talk too wise:

If you can dream and not make dreams your master;
 If you can think and not make thoughts, your aim;
 If you can meet with Triumph and Disaster
 And treat those two imposters just the same;
 If you can bear to hear the truth, you've spoken,
 Twisted by knaves to make a trap for fools,
 Or watch the things you gave your life to, broken,
 And stoop and build 'em up with worn-out tools:

You Start Dying Slowly.....

If you do not travel,
 If you do not read,
 If you do not listen to the sounds of life,
 If you do not appreciate yourself.
 You start dying slowly

When you kill your self-esteem;
 When you do not let others help you.
 You start dying slowly

If you become a slave of your habits,
 Walking everyday on the same paths...
 If you do not change your routine,
 If you do not wear different colours
 Or you do not speak to those you don't know.
 You start dying slowly...

If you avoid to feel passion
 And their turbulent emotions;
 Those which make your eyes glisten
 And your heart beat fast.
 You start dying slowly...

If you do not change your life
 when you are not satisfied with your job,
 or with your love,
 If you do not risk what is safe, for the uncertain,
 If you do not go after a dream
 If you do not allow yourself,
 At least once in your lifetime,
 To run away from sensible advice...

It is usually the only type that contains fossils. Examples of this rock type include conglomerate and limestone.

Metamorphic rocks are formed under the surface of the earth from the change that occurs due to intense heat and pressure. The rocks that result from these processes often have ribbon like layers and may have shiny crystals, formed by minerals growing slowly over time, on their surface. Examples of this rock type include gneiss and marble.

Igneous rocks are formed when magma cools and hardens. Sometimes the magma cools inside the earth, and other times it erupts onto the surface from volcanoes. When lava cools very quickly, no crystals form and the rock looks shiny and glasslike.
